

## Become a Partner

Enable your application on Microsoft Teams.

### What is Teams Power?

Microsoft Teams is the most widely used collaboration application, making itself known to an ever wider audience. In order to support the new ways of working, to allow to **reduce costs and distances**, we have decided to integrate Microsoft Teams with your software system.

Teams Power is a sustainable and professional company, which works side by side with leading technological partners. They have allowed and allow Teams Power to play a role of primary importance on the most important Italian and foreign customers.

### What integrations does it offer?

Teams Power includes important integrations such as: **Microsoft Outlook, Zimbra, vTiger CRM and telemedicine solutions.**

### Why you should partner with us?

Teams Power partner program is designed to ensure that our partners receive the highest quality training, support, and enablement.

We recognize that you, our partners, are critical to our growth initiatives and ultimate objective: to deliver innovative technology that is beautiful, functional, and easy to use.

You know your customer. We know our service.  
Let's work together for the best results!
